Who we are ..

✦ **MOBILE MEDIA**

is an advertising, media production and digital marketing agency

Mob!le
Media

Our history in media started since 2003 as a post-production firm (**Xrated**) then later in 2008 as a production house, Now,we are the first advertising agency in Egypt and the Middle East to rely entirely on digital marketing and publishing on mobile phones in the media industry.

Our name "MOBILE", is not just an interface used by billions, but it's a primary tool that we use to create, film, produce and publish visual content for our customers all around the world.

Founder:

Mahmoud Nadeem - Film Director

Let's Talk Digital.

MOBILE MEDIA...

Vision

To be the leading force in creative storytelling, transforming ideas into impactful visual narratives that resonate with audiences worldwide.

Mission

we strive to transform the Egyptian advertising landscape by redefine storytelling through the lens of video and create captivating visuals that not only showcase brands but also inspire action and build lasting relationships.

Our philosophy prioritizes innovation and growth, utilizing the latest technology to craft compelling narratives that enhance brand image and foster community connection.

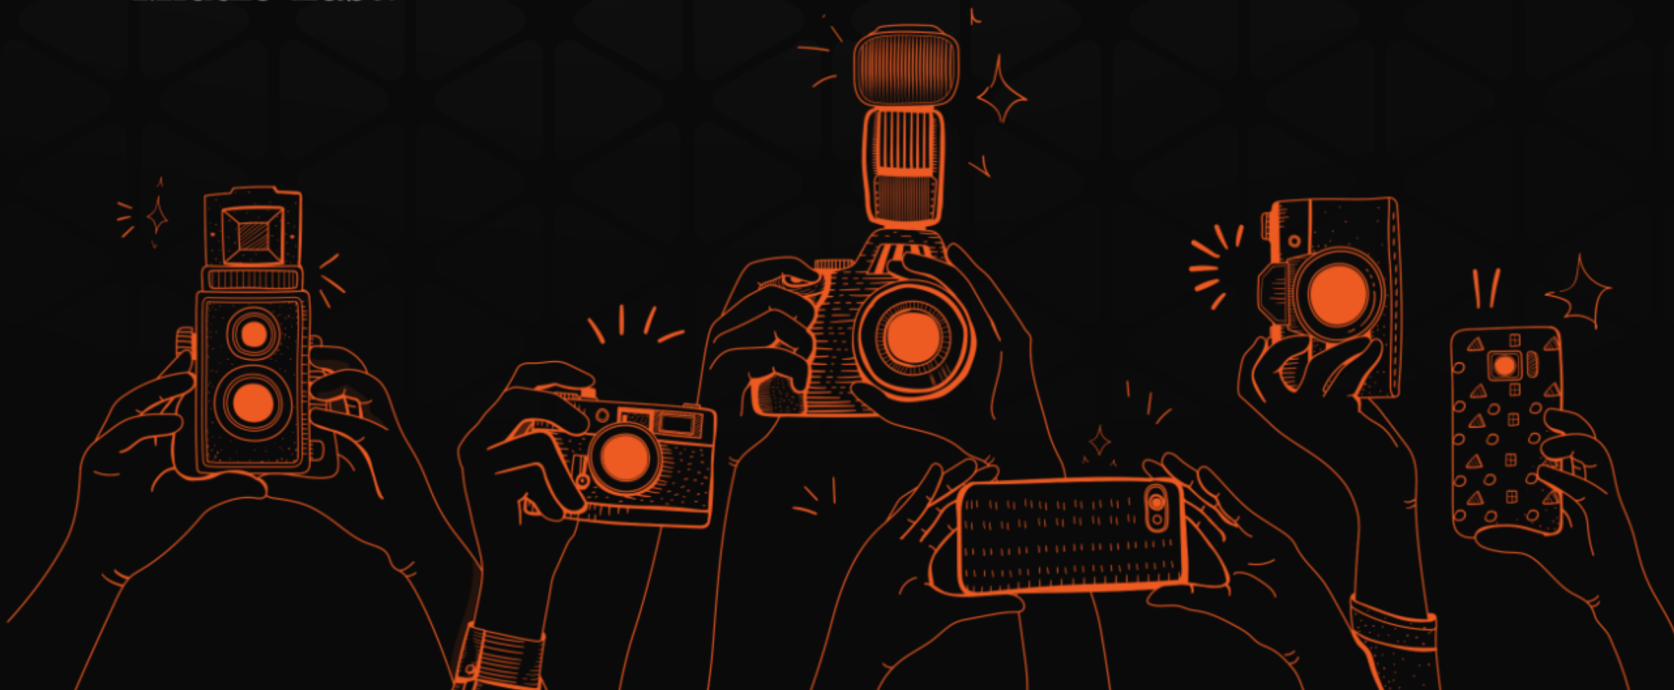

▶ Video Production..

- ◆ Planning and execution of all types of videos whether they are documentations, short films, business marketing videos, television commercials , events or live shows .

We have a great precedent working with Egyptian sovereigns in the New Capital Administrative, and other special projects for the Egyptian presidency and major companies in Egypt and the Middle East.

Aerial Videography..

- ◆ A specialized team in aerial Videography using all kinds of DJI drones.

Video Content for Online Platforms

- ◆ Video content includes vlogs, animated infographic, ads videos, customer testimonials and recorded presentations.

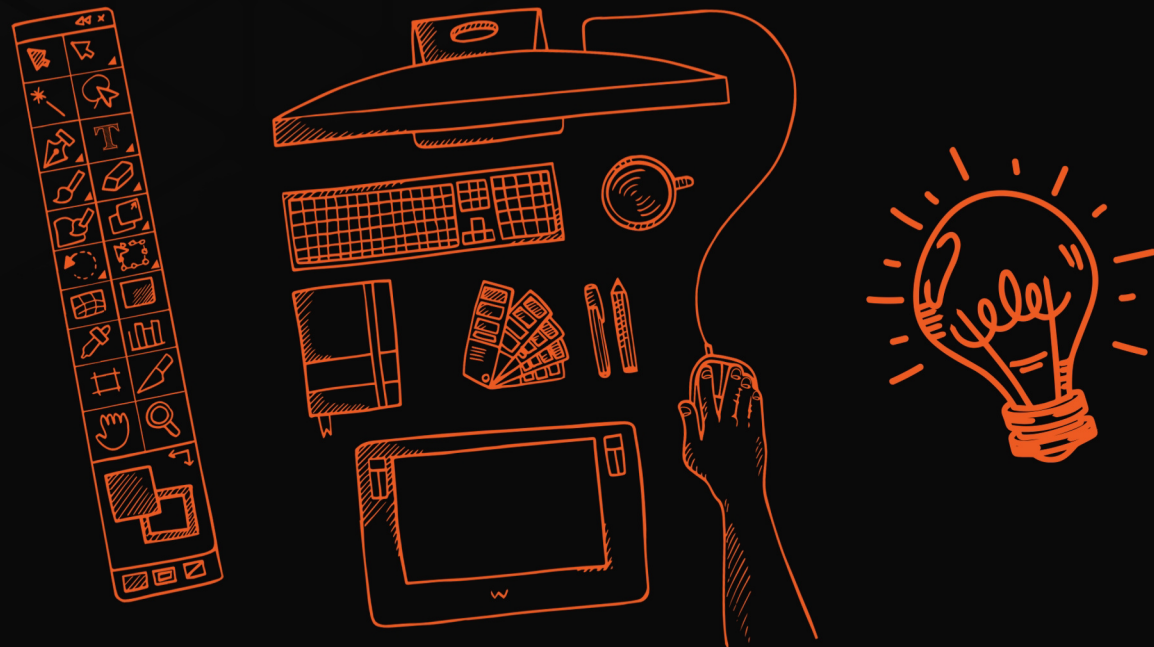

Digital marketing

- ✦ Using social media platforms to build social networks and share information to construct our customers' brand, increase sales, and drive website traffic.

Creative Graphic Studio

- ◆ We integrate art and technology to create impactful websites, social media content, branding, graphic animations, brochures, pamphlets, and infographics. focused on delivering innovative design solutions that enhance your brand's visibility and effectively communicate your message across various platforms.

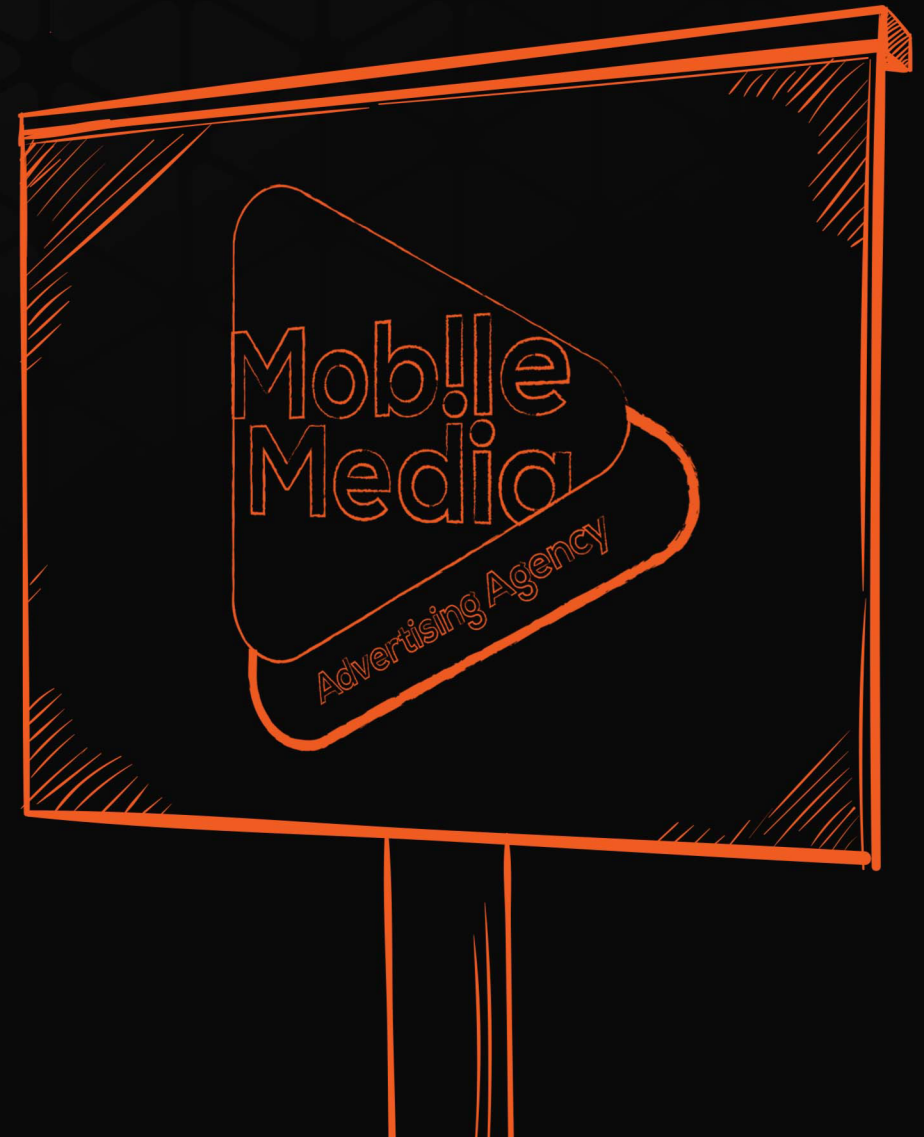

Marketing

- ◆ Developing marketing strategies, media campaigns, Branding, promoting and selling products and/or services.
Shape a favorable public image for our customers that raises their profile and credibility.

❖ Billboards..

- ❖ Billboards in Different Sizes & Types
- ❖ Installation & Management of Advertising Screens (Indoor and Outdoor)

Event Planning and Execution

- ◆ events planning : We provide comprehensive end-to-end event planning and execution services, managing every aspect from concept development to align with your brand's objectives including meticulous logistics, vendor coordination, strategic marketing, and seamless on-site management. With our commitment to excellence, we ensure that each event is not only successful but also truly memorable.
